Tasmanian Health Service Buildings are smoke-free sites.

The Tasmanian Health Service integrates acute, primary and community services. This integration has given service providers the flexibility to ensure people have the best services we can provide, as close as possible to where they live.

Statewide Mental Health Services deliver consumer centred services focused on improving health outcomes. Our services include inpatient facilities and community teams.

Statewide Mental Health Service welcomes feedback from clients, carers and family members to help us improve care. Talk to one of our team or fill in a consumer feedback form.

Adult Mental Health Services HELPLINE

Adult Mental Health Services
Who we are
The Adult Mental Health Service;
• is a confidential statewide service for people aged between 18 and 65 years
• assists people who have a severe mental health problem
• provides mental health assessment, treatment and rehabilitation, and
• has community based teams and specialist inpatient facilities.

How to access our service
For advice, assessment and referral information phone the Mental Health Services Helpline on Freecall 1800 332 388

This is a confidential phone service that you can call 24 hours, 7 days a week.

The helpline is a triage service, and may refer you to a specialist mental health service or provide details for another service to assist you.

If you or anyone else is in immediate danger, call 000 for emergency services.

Your doctor (GP) or other health professional may make a referral to the Helpline, see back page for more details.

Your guide to our service

The Tasmanian Health Service integrates acute, primary and community services. This integration has given service providers the flexibility to ensure people have the best services we can provide, as close as possible to where they live.

Statewide Mental Health Services deliver consumer centred services focused on improving health outcomes. Our services include inpatient facilities and community teams.
Our team
Assessment and treatment is provided by professional clinical teams from a range of disciplines, assisted by accredited support staff.

Our team includes:
- Mental Health Nurses
- Clinical Psychologists
- Peer and Carer Workers
- Social Workers
- Occupational Therapists
- Psychiatrists and other specialist medical staff.

Services we provide
Adult Mental Health Services provides a range of services including:
- Advice and information about services to assist with mental health problems.
- Assessment, treatment and rehabilitation for people with serious mental illness.
- Extended treatment, support and care for people with persistent or recurring mental illness.
- We also work with other service providers, doctors (GPs), private health care providers and emergency services.
